PITTSBURG PLATE GLASS PLANT TO RUN AT ONE-FOURTH CAPACITY

Such is Information Divulged Concerning the Charleroi Factory

NEW DEPARTMENT POSSIBLE

Experimental Work in Optical Glass And Other Products May be Carried On Here—Clear and Carara Glass To be Made.

Unless there is a complete change of plans or a hitch somewhere in arrangements one furnace of the Charleroi plant of the Pittsburgh Plate Glass company will be started within a comparatively short time. This is the information that has been divulged from an authentic and believable source. The time for the beginning of operations may be within two months. Not only this but the experimental department now being conducted at the Creighton plant may be removed here.

One furnace represents about one-fourth capacity. With it in operation probably 150 men would be employed.

The furnace to be started is to be used in the manufacture of clear and carara glass, for which there is now a constantly increasing demand due to the prosperous conditions being generally felt in America. The carara glass has been the only sort manufactured here since the plant was practically closed down some years ago. Much of it was placed in stock. During the last few months this stock has been considerably depleted.

Lee Showers, superintendent of the Charleroi plant and Charles H. Kerr head of the company's research department have been conducting an experimental department at Creighton. The plant at that point is being started, however, with the result that it is expected new work will crowd them out, whereupon they will remove to Charleroi. The casting mill, it is expected, will be placed in condition here for their work which will be carried on in secret. They are working on a sort of optical glass and other products which later the Pittsburgh Plate Glass company may produce in quantities.

We can supply your wants on short notice for anything in the optical line. Best quality goods at the right prices. Eyes examined free. John B. Schafer. 169-1f—

COAL MINER IS FOUND DEAD IN ROOM; RUMORS OF MURDER

McDonald Man's Room Ransacked and Large Sum of Money is Missing—Hunt Made in His Temple

The body of August Tailley, aged 57, a coal miner, was found Tuesday in his room in Bulger, near McDonald, with a bullet hole in his left temple. He had been dead about four hours. Evidence of a struggle before he was killed were found, the stove being overturned, windows broken and a trunk, in which there was supposed to have been a large sum of money hidden, ransacked. Deputy Coroner H. F. Humphries and County Detective Frank Mitchell are investigating.

MANY APPLICANTS TO SELL LIQUOR

Fifty-Six in County Seek Right to Conduct Bars At Their Hotels

SEVEN APPLY IN CHARLEROI

Fifty-six applicants for license to sell liquor are on file in the clerk of courts office, having been filed up until Monday evening, the time limit within which applications must be filed in order to be heard at the license court which will be convened the first Monday in February. There are 42 applications for retail, one for wholesale, eight for brewery and two for distillers license.

There are practically only two distinct new applications. C. Linn Colbert is seeking a license for a hotel erected at Langeloth, the new manufacturing town in Smith township where the American Zinc & Chemical Company plant is located. Within the past year or two a town of several thousand population has sprung up in that section of Smith township, near Burgetstown.

COMPLAINED MILKMEN ARE VIOLATING LAWS

That there are daily violations of common rules of sanitation by certain dairymen selling milk in Charleroi is a complaint that has been entered with the board of health. Investigation will be made, and perhaps legal action taken. It is complained that milkmen have been removing bottles from various homes, and without cleansing them, refill the bottle and sell the milk to others. This is declared to be a direct violation of the state laws of health, with a stiff penalty provided.

ENGINEERING JOB IS AN ATTRACTIVE ONE

Five Applications Now in For Charleroi Borough Place—Election to Take Place First in March—Ordinance May be Changed

Though Charleroi borough council will not name a borough engineer until the first of March, several applications are in for the place, and perhaps by the time of election others will be received.

All told there are five now applying for the position. Theodore J. Allen, of Charleroi, who is at present serving in the capacity of borough engineer when needed, is applying. Edward McCleary, the famous State College graduate and athlete is asking for the job, as is Albert Wilson, a State College graduate, and the son of M. Wilson of Fallowfield avenue.

RAILROAD EMBARGO ON FREIGHT IS MODIFIED

Order of Far Reaching Effect Partly Removed—Pennsylvania Lines Able To Care For Freight in Better Shape.

Regulations designed to relieve freight congestion in New York harbors were made at a meeting at New York Tuesday of officials of the railroads entering New York. Embargoes were notified in some instances and established in others.

Chairman McCann of the Eastern Trunk Line Association said the Pennsylvania Railroad had modified its embargo on domestic freight destined to Waverly Junction and points east; the Jersey Central will now accept domestic and coastwise traffic, and also will accept export shipments of flour on local bills of lading, as well as all export freight originating at points on its road; the Baltimore & Ohio has placed an embargo on shipments of lumber, staves and hay. The embargo has had a far reaching effect and on Monongahela valley points has stopped shipments. Every town has felt the results of the embargo, and industrial plants most of all.

MINISTERIAL ASSOCIATION HOLDS ITS MONTHLY MEETING

The Charleroi Ministerial Association held its monthly meeting at the study of the Washington Avenue Presbyterian church Tuesday afternoon. Rev. E. N. Duty, pastor of the First Christian church presented a paper on the subject, "The Spiritual Life of a Minister." The ministers engaged in a round table discussion of this subject.

M. C. T. U. ARRANGING PROGRAM OF WORK FOR THE COMING YEAR

Plans for carrying out an interesting program during the coming year were laid by the Women's Christian Temperance Union at a meeting held at the home of the president, Mrs. Emma Dawson, Tuesday afternoon. Note was made of the charity work done during the last year, and routine business taken up. The next meeting will be held at the home of Mrs. James Stuart at Speers in February.

DEFENSE STATEMENT IN HOTEL MATTER FILED

Cardon-Morse Controversy Arising From Irondale Hotel Business at Donora to Have Complete Airing in Court.

In the suit of Edgar D. Morse against C. F. Cardon, of Donora, proprietor of the Hotel Irondale, wherein the plaintiff claims a balance due for hotel fixtures, etc., sold the defendant, an affidavit of defense has been filed. The amount in dispute is \$1,180.93. The defendant claims there is due him as damages alone the hotel property by the plaintiff the sum of \$315.80, and the defendant claims credit for this sum, and admits there is due the plaintiff \$865.13, which he tenders the plaintiff.

The plaintiff and defendant had a difference a year ago. The plaintiff held the lease of the hotel and had the license. The defendant owned the property. The plaintiff's tenancy expired on April 30, 1915. A year ago both Messrs. Morse and Cardon filed applications for liquor license at the hotel. Later Morse withdrew, and the license was granted Cardon.

The defendant avers that the plaintiff filed his application simply to intimidate and embarrass the defendant, and as a means to coerce and compel him, the defendant, to pay an excessive and unreasonable price for the hotel fixtures, etc. It is averred the plaintiff has not acted in good faith.

MARRIED TWO MONTHS BEFORE FRIENDS KNOW

Miss Ada Arnold Married to William Steele Latter Part of October in Wellsburg, W. Va.

Though married for more than two months, William Steele of Monongahela and his bride, who formerly was Miss Ada Arnold of Charleroi, did not divulge the news to their friends until this week. The couple were wedded in Wellsburg, W. Va., on Saturday, October 30. The bride told three girl friends of the wedding later, but they kept the secret.

The bride is the daughter of Mr. and Mrs. George Arnold of McKean avenue. She has been employed as bookkeeper at the Woolworth store. Plans for taking up housekeeping in Elizabeth are being made by the couple.

PITTSBURG BANKER DECLINES TO
SERVE ON CREDITORS' COMMITTEE

Another Setback Given Settlement of Thompson Affairs—President Wardrop to be Asked.

Negotiations for the liquidation of the indebtedness of J. V. Thompson were given another setback Tuesday when it became known that the Pittsburgh banker selected to serve on the creditors' committee had declined the appointment. It will therefore be several days before the committee and G. R. Scrugham, representative of the New York financiers will be able to complete the negotiations.

Efforts are being made to persuade President Robert Dardrop, of the People's National Bank, of Pittsburgh, to serve on the committee. It is reported that Mr. Scrugham was successful in obtaining the consent of another West Virginia man to serve on the committee.

MONONGAHELA IS MAKING CHANGES

Elects New Chief of Police, Securing Thomas L. Ford Of Monessen

SALARIES DEFINITELY FIXED

Intent upon improving its city police force Monongahela council has effected a change in the chief of police, and is having a new salary ordinance prepared fixing the salary not only of the chief but of all the officers. An increase is made.

The new chief at Monongahela, appointed until such time that the salary ordinance is effective, is Thomas L. Ford of Monessen. When the new ordinance becomes effective the police force will be elected under it, and if by that time Chief Ford proves the man Monongahela wants, he will get the job.

By the new salary arrangement the Monongahela chief will receive \$85 a month, this being an increase of \$9.50 over the former salary paid. Patrolmen will receive \$75 per month, instead of \$66.50 and a turnkey and janitor will get \$60 per month.

Provisions of Compensation Law Will be Followed Strictly Here

CLASSIFICATIONS TO VARY

Teachers and Stenographer Will Come Under One Head, Janitors and Truant Officer Under Another—Sixty-Nine Persons Employed Here.

The Charleroi school district will insure its 69 employees in the State Insurance Fund. This was decided by the school board at a regular meeting held Tuesday evening. The insurance will be secured immediately, according to the provisions of the state compensation law.

Insurance will be based on an estimated salary total of \$44,925 per year and will include the 69 members of the school faculty, janitors, truant officer and stenographer. There are 60 members of the faculty, including Prof. T. L. Polock, superintendent of schools. Teachers and the stenographer will be classified together under a special rating, and the seven janitors will be separately classified, as will the truant officer.

In addition to settling the insurance matter, the board took up a general discussion of conditions about the schools and went through the regular monthly routine of business.

Eventually the board will have to provide additional rooms and this matter claiming some attention. Later at an adjourned meeting it will be taken up.

The tax collections for the month just closed were reported by Tax Collector J. W. Mathias, as amounting to \$1,148.23.

WANTED TO GIVE HIS QUARTER TO LUTTON

Allenport Man on Way to Washington To Recognize Ex-Sheriff in Financial Way—Stopped in Charleroi for Sanity Examination.

Carefully preserving a "quarter" he promised to give former Sheriff R. G. Lutton as a parting remembrance when the latter took leave of office, John Casper was arrested here Tuesday afternoon and taken to the lockup to be held pending investigation into his sanity.

Casper lives in Allenport and apparently was on his way to Washington to see ex-Sheriff Lutton, when stopped by the police. He felt considerably aggrieved at the thought that others did not feel the same sort of sympathy with the ex-sheriff that he felt.

It seems Casper has been in jail at one time for some sort of law violation at Allenport, and while there had come to love the sheriff like a brother, because of the latter's kindness. So when the time came for leave taking, Casper was impressed with the desire to recognize the former sheriff in a financial way.

THE COUNTY COMMISSIONERS

With the Mail and with all fair-
minded, unprejudiced citizens of the
county, the Washington Observer re-
ports at the straight-forwardness
with which the newly organized
board of county commissioners is en-
gaged about its work. The Observer
has the following to say editorially:

The people of Washington county
expect to get value received not only
from the commissioners themselves,
but from each of the subordinates in
this office. The people at large are
not interested in the effect which this
or that action will have politically.
They are interested, however, in hav-
ing their affairs conducted conscienti-
ously and honestly, in seeing that
every dollar counts and in the elimi-
nation of waste and extravagance. We
believe that the statement of Mr.
Watson, the new president of the
board voices the sentiment of all its
members when he says that the busi-
ness of this office ought not to be con-
ducted behind closed doors, that it
should be a business office and each
member share its responsibilities.

There have been times in the past
when our boards of commissioners
could have avoided much unjust criti-
cism and could have carried a greater
influence with the people in carrying
forward important public improve-
ments, if they had been just a little
less secretive in their deliberations.
A public official who takes the people
into his confidence safeguards him-
self, in the first place, by allaying
suspicion and at the time secures the
nearest co-operation of those whom
he is serving. Every one occupying
a position of trust owes his first duty
to those whose interests he serves
and who have a right to know what
is going on.

The statement of Mr. Watson that
the commissioners office should not
be the center for political deals, that
each commissioner, regardless of his
politics should be treated as a member
of the board and held accountable, and
made of his brains and that the
subordinates should be handicapped
by outside political obligations
will be heartily endorsed by every tax-
payer of the county. A board of com-
missioners is made up of three men,
two of one party and the third of the
minority organization. Each, how-
ever, is responsible to the people and
the entire membership should act on
each public question on its merits and
not from the standpoint of politics.

The Observer is certainly glad that
the new board of commissioners has
taken such a broad view of its duties
and responsibilities. Such a policy as
this has for years been advocated by
the Observer and urged upon its
readers. The office is no place for
schemes and for political deals. The
members should be left free from polit-
ical interference or dictation. It is
the office of the people and not of polit-
ical organizations. A fair distri-
bution of patronage can be made by
the members without making the ap-
pointments a quid pro quo either for
past services rendered or for future
political action. Each subordinate,
under the present policy is left free
to exercise his rights as a citizen and
the people can expect to be given a
fair hearing and treated on a fair
basis without regard to their politics.

Two of the members of the board
have had experience in this office and
their experience ought to be valuable
to the taxpayers. Serious and grave
questions of concern will come before
the new board for action. There
should be no factions in the board, no
backings, no attempts by any one
member to gain advantage over another,
but all should work together for
the good of the county and the inter-
ests of the taxpayers.

We will expect, from the statement
of Mr. Watson, that a new policy will
be adopted in regard to the construc-
tion and maintenance of the county
roads. While we do not know what
plans are to be followed in detail, the
general suggestion of keeping all
these roads in repair which have al-
ready been built is in harmony with
the ideas of every honest advocate of
improved highways. Too much mon-
ey has been wasted in this county in

failing to keep the roads already built
in repair. No improvements for the
future should be undertaken until
provision has been made for caring
for those already built and which are
still to be paid for.

The suggestion that it will be nec-
essary to levy an additional tax this
year comes as no surprise to the
taxpayers. This is inevitable. The
county should have been raised one
year ago. The county is getting deeper
and deeper in debt and each year
is to be involved in the future
by providing a source for the neces-
sary funds to meet the expenses and
every possible contingency which
may arise.

PICKED UP IN PASSING

Roy K. Mollen, gives the following
sample of modern journalism:
Crack ! ! !

A pistol shot out the murky air
of the rooming house and the little
bullet whistled merrily as it sped ac-
ross the dining room.

Plop ! ! !
She fell to the floor.
Tap! Tap! Tap!

The murderer was running up the
uncarpeted stairs.
Slam ! ! !

The door of his room crashed shut
and the gunman was alone.

Another crack ! ! ! !
Plop ! ! !
And the murderer fell dead.

Honk! Honk!
The police motor signaled that it
was on the job.

Clatter! Clatter! Scuff! Scuff!
A crowd was rapidly gathering at
the scene of the double tragedy.

Sniff! Sniff!
Hysterical women were sobbing.
Chug! Chug!

The police motor hurled the dying
woman to the hospital.
Wuxtra! Wuxtra!!

A Michigan farmer was driving a
refractory cow down the road, and
cow and driver came to a crossroad.
The man wanted the cow to go
straight ahead, but the cow picked
out the crossroad. A colored man
was coming along the crossroad.

"Haid her off! Haid her off!" yelled
the driver.

The colored man jumped about the
road and waved his arms. The cow
proceeded calmly on her way.

"Haid her off! Haid her off!" yelled
the driver.

"Ise tryin' ter!" replied the colored
man.

"Speak to her. Speak to her and
she'll stop."

"Good mawin', cow-good mawin'!"

employees, by reducing their wages or
otherwise, for the purpose of meeting

GOVERNOR PLANNING TOUR; MAY VISIT THIS COUNTY

Governor Martin G. Brumbaugh, is
planning about an automobile tour of
the farming counties of the state to be
taken some time during the summer
when the roads are looking their
best. The governor made a tour of
some 15 counties of the state last
year at the head of a party of friends
who went to see the natural beau-
ties of Pennsylvania and who inci-
dentally found that the state had
some excellent roads and some scenery
that could not be equalled any-
where else in the eastern part of the
country.

The governor now plans to have
some friends go out and see the
roads. He says few people realize
the extent of the agricultural inter-
ests of Pennsylvania and the splen-
did condition of its farms and that
when the farms are seen the oppor-
tunities for proper and systematic
development will be realized.

While nothing has been done, it
is said to be the intention of the
governor to go to some of the south-
western counties where sheep rais-
ing is still extensively carried on,
and also to go to the northwestern
counties, where grape culture has
been far advanced.

WILL BUILD NEW HIGH TENSION ELECTRIC LINE

Route From Wellsburg to Washington
To Be Followed by Way of West
Alexander.

George B. Caldwell of Wheeling,
connected with the American Gas
and Electric company which is now
building a large power house at
Beech Bottom, near Wellsburg, has
been active the past few days secur-
ing rights of way from the farmers of
the district for the installation of a
high tension system between Wells-
burg and Washington, Pa., by way of
West Alexander. By this high ten-
sion system, the American Gas and
Electric company proposes to carry
current from Wellsburg to Washing-
ton and other points in that neigh-
borhood.

The system includes steel or iron
towers on which to carry the cables.
An improvement in the system will
be the automatic cutoff of the cur-
rent on the cable route when one of
the wires become broken. By means
of this automatic cutoff, there will be
no danger to human life or property
if one of the wires is broken and
falls for the wire will then not be
"live."

Bad weather for the past ten days
has handicapped the work on this
end of the new system but operations
will be rushed as soon as the weather
conditions permit.

BIG ENTRY LIST FOR COMING BENTLEYVILLE POULTRY SHOW

The Bentleyville poultry show,
which will open on January 10 and
continue through the 14th, promises
to be the banner exhibition of the
year of the kind in Washington county.
Fanciers in all sections are in-
terested and some of the best strains
in the various breeds that are to be
found in Western Pennsylvania will
be shown.

Officers are particularly pleased
with the large entry list.

One of the most notable displays
at the local show will be that of
J. N. Hazlett, of Marianna. In the
recent Uniontown show he had 74
birds entered in the competition and
pulled down 70 ribbons, a record that
it is doubtful whether ever before
duplicated.

MARRIAGE LICENSES ON DECREASE IN YEAR 1915

There were 1,009 marriage licenses
issued in the county during 1915.
This is 150 fewer than for the year
before. For some reason or other the
number issued went backward. This
being leap year, it may be that the
loss will be made up during the com-
ing 12 months.

How is rheumatism recognized? Some have said—
Rheumatism is a dull pain.
Rheumatism is a sharp pain,
Rheumatism is sore muscles.
Rheumatism is stiff joints.
Rheumatism is a shifting pain.

All have declared—*Rheumatism is Pain.*

Sloan's Liniment applied:—

The blood begins to flow freely—the body's warmth is renewed—the congestion disappears—the pain is gone.

Bits of Byplay

Ain't It the Truth!

We never blame the tailor who cuts pants we have to put.
We never blame the shoemaker for our shoes grow out and it is
We never blame the matter with our hats we have to head.
But we always blame the landlord who rents the house to us.
—Luke McLuke, Cincinnati Enquirer

We never blame ourselves at all when things we try to do
Are failures flat and make us feel discouraged through and through.
We simply say our luck was bad—we did not stand a show.
Although down in our secret hearts we know that isn't so.
—Birmingham Age-Herald

Sid Wasn't the First to Experiment.
Sidney Hocks became intoxicated Saturday evening and tried to drive his yoke of steers into the postoffice, but failed on account of the door being too narrow. There have been many other complaints recently on account of the narrowness of the door at the postoffice.—From an Exchange.

Betcha!

This is a fact and not mere wit.
On any job, my son,
The men who are not doing it
Know how it should be done

The Good Ship Luke McLuke.
Dear Luke—I see that you have a river steamboat named after you. I suppose the Luke McLuke will be used to carry corn to the large cities.—Marie Wagner, a Cincinnati Corn Fed.

The old club certainly looks grand!
I'll bet first place is where we'll land.

It Is Very Simple, Watson!

Dear Miss Grey—We notice that Luke McLuke says that a girl always has two good reasons for wanting expensive silk stockings. Now, we are at a loss to understand what he means by this, and we will appreciate it very much if you can tell us what is meant by this.
L. L. L. & J.
A.—Bless your pure hearts! I really dislike to enlighten you or draw a diagram of the joke, and it makes me feel terribly sophisticated and worldly wise to tell you that the two good reasons are a right reason and a left reason, both reasons especially apparent in rainy weather.—Louisville Herald.

Aw, Put on Another Record.

Luke McLuke, we love you dear.
For you always bring good cheer;
If you were sick from drinking beer—
Cut it out.

If it was booze that brought you down,
Gave a taste that was dark brown,
Meet it with a heavy frown—
Get on the water wagon.
—Zanesville (O.) Signal.

Form In Line, Girls, Don't Shove!

Why shave yourself, ladies and gents, when Major Ed Teel can give you a nice, clean, easy shave with a painless amputation guarantee thrown in for the same price.—From an Exchange.

Luke McLuke Says:

Prayer is all right once in awhile. But the man who puts blisters on his hands gets more than the man who puts blisters on his knees.

Any undertaker will tell you that he would starve if he had to depend on the men who are always yelping that they are working themselves to death.

The brunettes are just as light headed as the blonds.

What has become of the old fashioned girl who used to get bed quilts and flannel petticoats for wedding presents?

Anyway, Adam didn't have to sit around at night and listen to Eve nagging that she wished she had some decent clothes to wear like other women.

There isn't enough horsepower in the world to force a woman to do what she will do willingly after a little jolly.

About the only men who are living within their incomes are the fellows who are locked in by the guards every night.

You may imagine that the war in Europe is a calamity. But a real calamity is when the mother of five small children in a poor family is so sick that she can't get up and work.

Every now and then you will hear some big mouth yelping about a misstatement made by a newspaper. But if we were all as careful about what we say as the newspapers are there wouldn't be much trouble in the world.

A dollar is a dollar, but somehow or other the dollar that you earn by hard work does you more good than the dollar you regard as easy money.

Father will bring a friend home to dinner with him, and he will meet the dog at the front door, and he will get so busy bragging about the dog that he will forget to introduce mother.

Tell a woman that she is pretty and she will want to kiss you. Tell a man that he is pretty and he will want to kill you.

Once in awhile a man who thinks he is born to command tells his boys by changing a sentence.

The only man who has a plan to help on the ground is the one who has a bulldog.

BIG BOXING SHOW TO BE HELD ON SATURDAY

Johnny Ray and Matt Gorman Billed For Main Bout at Rink---Digger Stanley to Fight Nevil.

What promises to be the biggest boxing show ever held in Charleroi and one that may have a bearing on the lightweight championship of western Pennsylvania will be held at the Charleroi rink the coming Saturday night. The main bout will be fought by Johnny Ray of Pittsburgh and Matt Gorman, of Oakland. Both men are championship aspirants and both are hard fighters.

The preliminary battles will be good enough to be ordinarily the main bout. Digger Stanley, the Charleroi pug and Eddie Nevil will engage in the semi-final mill. Louis Thames of Webster will fight Pat McGinnis of Roscoe and Charles Coon of Fayette City and Pidge Vezetti of Charleroi will battle. An immense crowd is expected here for the show.

SAYS HE FAILED TO PAY MONEY CLAIMED DUE

Sadie Carlson, of Bentleyville, has filed a suit against Gust Carlson, Morris Bang and Mark Coe, wherein she seeks to recover on a bond in the sum of \$390, on which Bang and Coe were sureties. This bond was given, in compliance with an order of court made on Gust Carlson, that he pay to his wife the sum of \$8 a week for the support of her minor children. It is averred that Gust Carlson has failed to comply with the order of court, and she therefore seeks to recover on the bond.

MARIANNA MINES TO BE OPENED SOON FOR INDEFINITE OPERATION

Such is Information Received From Marianna---Bentleyville Mines Running in Good Shape.

According to information from Marianna, mines will be opened shortly, to run full time. The newly organized coal company, backed by the Union Trust company of Pittsburgh, has issued employment checks to the miners in the district, which means that the work will be resumed within a short time. The company has enough orders ahead it is stated to keep the mines going for several months at least.

The mines in the Bentleyville section are running well at the present time and evident prosperity is in sight for 1916.

INSURANCE COMPANIES MUST QUOTE ONLY APPROVED RATES

Companies underwriting workmen's compensation insurance in Pennsylvania were ordered Tuesday by the State Insurance Department to cover only compensation liability under the approved rates. Additional liability requires additional premium or the coverage is impaired.

Albert L. Allen, assistant manager of the State Workmen's Insurance Fund, commenting on the order of the Insurance Department said: "No other liability than for workmen's compensation may be assumed by any insurance carrier unless an extra charge is made for the additional protection, under the order issued by the Insurance Department. By this interpretation the state fund policy gives equivalent protection in every respect as is given by any other policy."

Taylor, Charles Ebert and Peter Calistri.

Firemen Nominate Officers

The Charleroi firemen held a meeting Tuesday night and nominated officers for the ensuing year.

NEIGHBORLY ADVICE

Freely Given by a Charleroi Citizen.

When one has suffered tortures from a bad back and found relief from the aches and pains, that person's advice is untold value to friends and neighbors. The following neighborly advice comes from a Charleroi resident.

Mrs. D. F. Worthington, 914 McKean avenue, Charleroi, says: "I was troubled by backache for years. The pains were so intense it made me sick all over. In the morning when I tried to get up, I was worse. Whenever I stooped, a sharp pain darted through me and I could hardly catch my breath. Often it was just as though a knife was being stuck into me. I was tired all the time. I had rheumatic pains throughout my body. My feet became swollen. Two boxes of Doan's Kidney Pills, procured at Piper Bros' Drug Store, relieved me of all symptoms of the trouble. I now take Doan's Kidney Pills once or twice a year as a kidney tonic and they always help me."

Price 50c at all dealers. Don't simply ask for a kidney remedy---get Doan's Kidney Pills---the same that Mrs. Worthington had. Foster-Milburn Co., Props., Buffalo, N. Y.

MANY APPLICANTS

(Continued from page one.)

Andrew Mucka and Michael Redic through their counsel asked for a license at Donora. The building in which they propose to conduct the license, is owned by Della Brown. Should a license be granted to them they propose to turn two store rooms on the first floor into a bar and hotel office. Two applications are filed for the Atwood hotel, West Brownsville. James A. Provins, at present holder of the license, has filed an application. Peter N. Miller has an application for the same hotel.

It is understood that Mr. Miller has negotiated for the purchase of the hotel from Mr. Provins.

A similar condition exists at Hotel Donora, Donora. Frank H. Meyer, the holder of the license at present has an application in as has, also, John H. Bernarding, the owner of the hotel.

The Washington brewery, owned by Wray G. Zelt, which for five years has operated under a state license, again seeks a county license this year. This brewery was among the Washington breweries against which charges were filed five years ago. The applications, following intimations from the court that they might be refused, were withdrawn, and state licenses taken out. A state license does not permit local deliveries, sales having to be made through a wholesaler. The Washington Brewing Co. has handled its product through a wholesale establishment in Allegheny county. The Star Brewing Co., at the same time the Zelt license was refused, was also refused, and that company afterwards became financially involved, the plant was closed and has since been disposed of and is now owned by the Capitol Paint, Oil & Varnish Co., of Washington, which had the buildings remodelled for its business. The Crescent Brewing Co., of Washington, operated for a year under a state license, but later secured a county license.

Harry B. Hayden of Monongahela, again seeks a license to sell liquors wholesale. He at one time held a wholesale license, but was later refused and was again refused last year. The court has expressed itself as being against the granting of any

wholesale liquor licenses in this county.

Cornelius O'Shea at one time the holder of a license at Stockdale disposing of his business to a Mr. Turner, with Peter McKeeown, seeks a license this year for the hotel owned by O'Shea at Stockdale. The court refused all licenses at Stockdale last year, including the application of O'Shea. William E. Bruce, refused last year at Stockdale, applies again this year.

An application has been filed for the transfer of the liquor license now held by C. F. Cardon at the Irondale hotel, Donora, to W. B. Risbeck. Mr. Risbeck now owns the hotel, having purchased it on August 21, 1915. The license at this hotel was formerly held by Edgar D. Morse. He was a tenant of Mr. Cardon. Last year both Morse and Cardon applied for the license. It was evident that if both applications be put before the court that neither might get the license. There was some difference between Morse and Cardon. Before license court Morse withdrew his application, Cardon having purchased from him the bar and hotel fixtures. Cardon secured the license. He had not desired to conduct a hotel but was forced to be an applicant in order to protect himself. He later secured Mr. Risbeck as manager. Risbeck formerly conducted the Hotel Lawrence at Donora. Risbeck also applies for the license from May 1.

E. Fred Emery, E. A. Burson and John F. Boyd and Julia A. Crawford filed their applications yesterday for a renewal of their distillers' license for their plants in East Bethlehem township. None of the distillers, according to the applications filed, manufactured any whiskey the past year. Other distillers applications were filed last week.

The Donora Brewing Co., filed its application. The directors of this company are Logan Rush, Frank W. Curry, John Boye, Charles H. Nutt, Austin King, W. D. Gilchrist and Enos Coulson. Mr. Rush is president and Noah B. Fear, secretary. The plant manufactured between 7,125 and 7,650 barrels of beer during the past year.

In Charleroi the hotel license applicants are: Arthur W. Day, Hotel Arthur, Georgianna Coles, The Wilbur, George F. Rylands, Hotel Wellington, George M. Fellows, Hotel Myford, William R. Gaut, Hotel Walfred, William H. Zeliars, Hotel Charleroi and George L. West, Hotel Monier.

You've hit the right tobacco

when you fire-up some Prince Albert in your old jimmy pipe or in a makin's cigarette. And you know it! Can't get in wrong with P. A. for it is made right; made to spread-smoke-sunshine among men who have suffered with scorched tongues and parched throats! The patented process fixes that---and cuts out bite and parch. All day long you'll sing how glad you are you're pals with

It's an easy job to choose the shape and color of a pipe to imitate the Prince Albert they red tin, but it is impossible to imitate the flavor of Prince Albert tobacco! The patented process protects that!

PRINCE ALBERT

the national joy smoke

You take this testimony straight from the shoulder, men. You can smoke a barrel of P. A. without a kick! It hands out all the tobacco happiness any man ever dreamed about, it's so smooth and friendly. It's a mighty cheerful thing to be on talking-terms with your pipe and your tongue at the same time---but that's what's coming to you sure as you pin your faith to Prince Albert!

R. J. REYNOLDS TOBACCO CO., Winston-Salem, N. C.

Everywhere tobacco is sold you'll find Prince Albert awaiting your cheerful visit. Buy it in tins or bags, 5c tins or 10c bags, 1 lb. tins or 5 lb. bags, and in that choice pound crystal-glass hamper which makes the tobacco so fit!
